Memorial Day Gift Helps Cancer Crusade

"Give – That Others May Live" is the theme of a special Memorial Day emphasis of the Appomattox Unit of the American Cancer Society.

"Making a contribution to the Society's Memorial Fund is a fitting and practical way to help save the living and commemorate a loved one who has died of cancer or other cause," said Capt. W. W. Blythe (ret.), chairman of the unit. He noted that contributions to the American Cancer Society, including Memorial Gifts, go toward saving lives in the present and in the future through coordinated programs of Research, Education, and Service.

Capt. Blythe explained that the Appomattox Unit sends a Memorial card to the family of the person in whose memory the gift is made and also sends an acknowledgment to the donor.

The Memorial card features the Memorial program's symbol, a variation of the fleur-de-lis, often used as the symbol of life.

Memorial contributions honoring a loved one or departed friend can help bring closer the moment of ultimate triumph over cancer.
